    - ii. Grade 6 Photos (From Antoine Filion)
      1. I would love to do the graduation photography for your school. I can bring my black backdrop and a couple of lights with it. Also, I can set up similar to the Christmas Santa Clause shoot, with an external monitor that will allow instant preview of the picture taken for maximum fun and hilarity. I don't have any fancy props

so the students would have to bring in any funny props or special clothes of their choice if they want.

2. I can offer any number of pictures up to 6 per student, with and without friends and family included. I will leave it up to you to determine who is allowed in close proximity during the photoshoot as to follow the school's social distancing rules.
  3. As for the price, with the financial uncertainty we have in Alberta, I will accept a **Pay What You Wish** for the event photography. Whether the parents choose to pay together or separately, I will leave it up to them to decide on the payment plan. I will however require the payment to be made before the student leaves the photoshoot on that day.
  4. If that works for you and the parents, I look forward seeing you sometime next week!
  5. Mr. Munch: I would suggest we consider a payment from NSES, perhaps some portion of the remaining \$500.00 from the Grade 6 Field Trip budget.
